Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Sunday 12 Sep 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Outbreaks of rain through the night.

This Evening and Tonight:
A largely cloudy evening and night across the region with outbreaks of rain in the south only slowly and erratically spreading northwards. A mild night for most, but cooler in the north. Minimum temperature 8 deg C (46 deg F).

Monday:
A largely cloudy start with outbreaks of rain continuing to spread across the region. Remaining overcast with further showery outbreaks during the afternoon and into the night. Maximum temperature 18 deg C (64 deg F).

Outlook for Tuesday to Thursday:
Brighter on Tuesday and Wednesday with sunny spells and isolated showers. Feeling pleasant in any sunshine. Largely dry on Thursday with variable cloud.
